

**Terminal for fitting bundled wire band (side face type) [DB-6 series] (100pcs/pack)**

- This is used for fitting electric wires on the side face of a PC board.
- DB-6 series is fit in a PC board and soldered to it. Then, electric wires are fixed with a bundled wire band.
- By taking out the wires, separately installed on a PC board, from the side face, they can be installed in a more organized manner.
- Three types, with the PC board thickness of 1.6 mm, 2.0 mm and 3.2 mm, are available.
- Material: Phosphor bronze
- Finish: Tin plating over nickel base

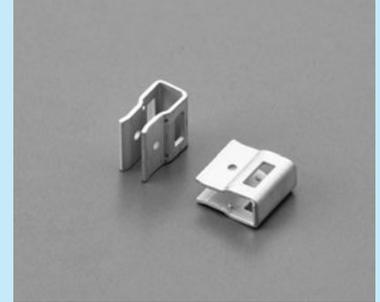

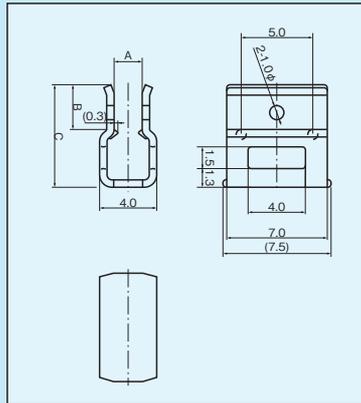

**Part number**

Part number	A	B	C	Adaptive PC board thickness (mm)
DB-6-1.6	1.5	3.5	7.5	1.6
DB-6-2	1.9	3.5	7.5	2.0
DB-6-3.2	3.1	3.3	7.6	3.2

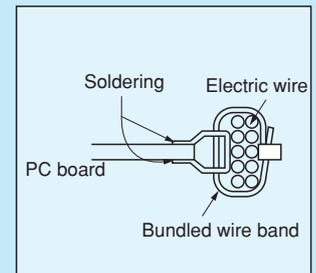

**Recommended land diameter**
