Product change notice / New size and material for tape-and-reel

This announcement affects tape-and-reel package.

Please see details below.

We apologize for any inconvenience these changes may cause.

1. Part number

Product to use tape-and-reel made by paper with outer diameter  $178\Phi \times 16\text{ mm}$

Product to use tape-and-reel made by paper with outer diameter  $380\Phi \times 16\text{ mm}$

Product to use tape-and-reel made by paper with outer diameter  $380\Phi \times 24\text{ mm}$

2. Reason of discontinute

Decrement the demand to use this material

3. Difference

①Dimension of the reel

Original	New
1 $178\phi \times 80\phi \times 17.5$ (width:16mm)	$180\phi \times 60\phi \times 17.5$ (width:16mm)
2 $380\phi \times 80\phi \times 17.5$ (width:16mm)	No change
3 $380\phi \times 80\phi \times 25.5$ (width:24mm)	No change

About above 1, there is no influence for customer when setting up to the SMT machine.

②Material

Original	New
Paper	Plastic

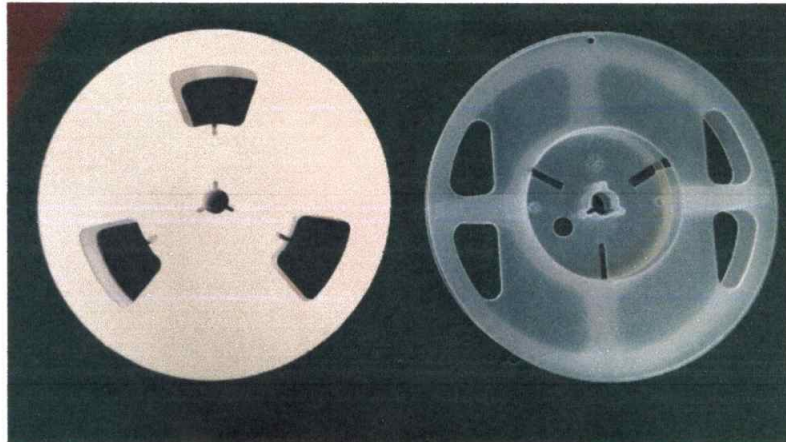

Photo 1. 178 $\phi$  type (Left : Original Right : New)

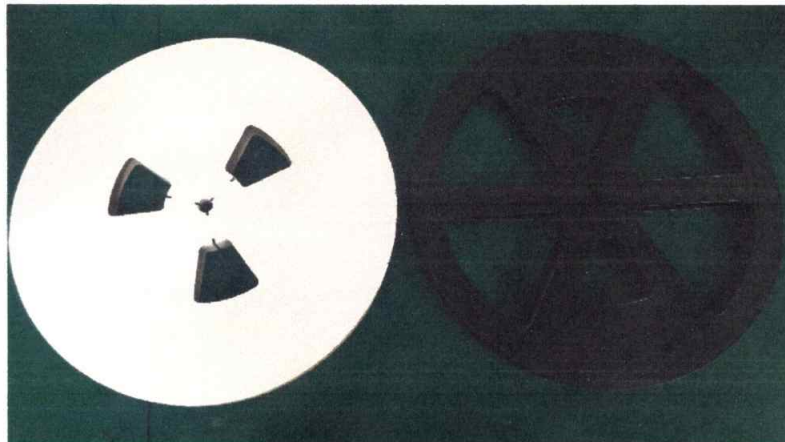

Photo 2. 380 $\phi$  type (Left : Original Right : New)

#### 4. Date of Transition

Once the original tape-and-reel package will be no more stock in warehouse, we will change to use the new one by itself.
